

INTRODUCTORY WEEKLY SEMINARS FOR MASTER AND PHD STUDENTS

This series of seminars is EXPLICITLY and EXCLUSIVELY meant for Master and PhD students. Each seminar will provide an introduction to the topic of the next QGM research seminar, which takes place on Wednesdays from 16.30 to 17.30 in Aud D3.

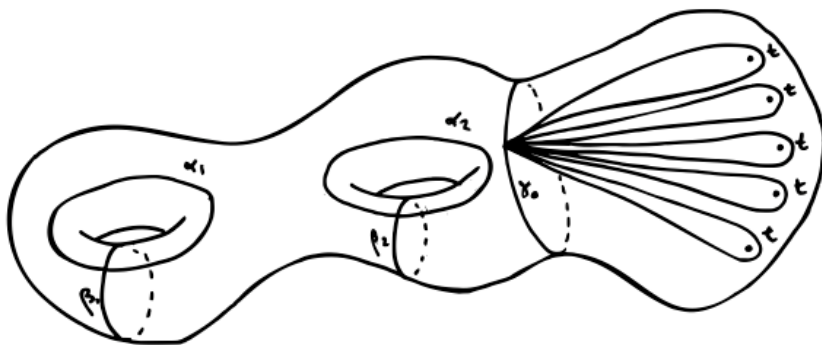

TIME AND PLACE

Tuesdays at 16.15 - 17.00
Øvelseslokale G.33 (1532-322)

COME AND JOIN US ON THIS ADVENTURE

Our aim is to encourage the interactions between Master/PhD students and the researchers of the department as well as all the experts who will be visiting our university. Moreover, this would be a great opportunity to get to see some current research topics more closely.

Check the QGM website for more information: www.qgm.au.dk

There will be
geometry,
mathematical
physics
and a lot more!

The organizers,
Cristiano Spotti, Martin de Borbon & Roberta Iseppi
